Jen,

I went through the draft Steve Maslowski had prepared that would have formed the basis for our response to CRW's June 2<sup>nd</sup> letter. This only covers Section B of CRW's letter – the section focused on the LTCP projects. We've asked Steve to drop everything he is doing to complete the document to cover the remainder of CRW's letter. We focused on preparing the meeting Agenda, so this document was dropped in order to get the agenda together.

Karen has not yet seen this and it has not gone through any legal review. I wanted to share it with you so you can see the format and coverage in case you wanted us to make some changes to any of it.
